** Posters are limited to graduate students, not to PhD holders. However, there may be exceptions in some cases based on the technical committee decision.

Scientific Theme

Researchers and practitioners are encouraged to submit original, unpublished contributions via (<https://www.ju.edu.sa/en/icntree/papers-submission/>). The topics of interest include but are not limited to:

Energy Production and Storage:

Development and Utilization of Solar Energy.

Energy Materials, and Storage Technology.

Hydrogen and Fuel Cell.

Energy Security and Clean Use.

Computational materials for energy harvesting and storage.

Environmental Studies and Water Treatment:

Environmental Chemistry and Biology.

Environmental Safety and Health.

Pollution Control Project (Air, Water, Solid).

Waste Disposal and Recycling.

Computational Environmental Sciences.

Generally, they are included in four main categories:

Energy Production Materials and Applications.

Energy Storage Materials and Applications.

Physics, Biology and Chemistry of Environments.

Distillation and Wastewater Treatment.

Proceedings and Indexing

ICNTREE 2023 proceedings will be published in selected journals (Applied Mechanics and Materials - ISSN: 1662-7482 and/or Advances in Science and Technology - ISSN: 1662-0356) in Scientific.Net. publisher.

 **Scientific.Net**
Publisher in Materials Science & Engineering

After pre-review and peer review process by at least two reviewers, selected high quality papers will be recommended to get published in the following journals:

Journal name: Desalination and Water Treatment journal which is indexed in the Web of Science, SCI-E and Current Contents, Scopus, and Google Scholar.

Impact Factor: 1.27 (2021); 5-Year

Impact Factor: 1.45 (2021)
